

Consider joining the largest health care delivery system in southern Saskatchewan!

The Regina Qu'Appelle Health Region is seeking a team-orientated and professional General Internal Medicine Specialist to join our dynamic and expanding department.

General Internal Medicine Opportunity:

The specialist will join our team of 14 internal medicine specialists, in a community based, fee-for-service internal medicine practice. They will work collaboratively with a multidisciplinary team providing a wide scope of internal medicine services for the growing population of Regina and southern Saskatchewan.

Our internists have admitting and consulting privileges and provide service at our two acute care sites (Regina General Hospital and Pasqua Hospital). The Pasqua Hospital, a community-based hospital and referral center, specializes in Ophthalmology, Orthopedics, Plastic Surgery, General Surgery, Urology and Pediatric Oncology. The Regina General Hospital, our trauma center represents all major surgical specialties, except transplant and is home to our Medical Teaching Unit.

The Regina Qu'Appelle Health Region is dedicated to learning and is a partner in the growing educational needs of medical students and residents from the College of Medicine, University of Saskatchewan.

Call coverage is a requirement for the position. In addition to fee-for-service, you would be eligible for any on-call retainer consistent with the Specialist Emergency Coverage Program.

Qualifications:

Successful candidates will hold certification or be eligible for certification from the Royal College of Physicians and Surgeons of Canada (RCPSC) and be eligible for provisional or regular licensure to practice in Saskatchewan. Preference will be given to candidates with RCPSC designation in General Internal Medicine.

This individual should be a team player, be able to interact effectively with patients, colleagues, staff and management, and function well in a high volume environment with a commitment to provision of high quality patient and family centered care.

In accordance with immigration requirements, preference will be given to Canadian citizens and permanent residents of Canada.

The Regina Qu'Appelle Health Region (RQHR):

- includes two acute care facilities, one rehabilitation facility, seven rural hospitals and a highly integrated community program
- employs over 9000 staff and privileges over 600 physicians
- fosters the opportunity for clinical work, research, teaching and academic appointments with the University of Saskatchewan
- new Dilawri Simulation Centre, giving both health care providers and students a chance to develop and hone their skills in a safe and realistic environment

Benefits of living in Regina, Saskatchewan:

- working to achieve a balanced lifestyle for staff and physicians
- convenient transportation with less than 20 minute average commute
- only 45 minutes to cottage country
- urban amenities with the warmth and friendliness of a small town
- a wide range of outdoor activities, music, sport and cultural amenities
- enjoyment of the largest urban park in North America
- excellent public/catholic and culturally robust school systems; strong International Baccalaureate Program
