Position profile – The Saskatchewan Health Authority (SHA) – Saskatoon Area, in collaboration with the University of Saskatchewan, Department of Medicine, Division of General Internal Medicine (GIM), is seeking General Internal Medicine specialists to provide locum services on a temporary basis to support inpatient and consultative services at Saskatoon City Hospital (SCH). The General Internal Medicine (GIM) locum will be responsible for inpatient admitting and consultation services SCH.

Remuneration:

- Compensation for temporary locum service delivery \$17,853 per week (7 days per week) of inpatient service delivery, prorated for partial weeks; plus up to \$2500 per day for consultative services at SCH
- Round trip economy airfare or mileage
- \$20 per hour while engaged in travel per round trip
- Accommodations up to \$200 per night

Qualifications/Requirements of the position – The successful applicants will hold certification in Internal Medicine with the Royal College of Physicians of Canada, or hold the American Board certification, and be eligible for licensure with the College of Physicians and Surgeons of Saskatchewan.

The City - Saskatoon Shines - Saskatoon is the largest city in Saskatchewan with more hours of sunshine than any other major Canadian city. Saskatoon is in the first place a university city with a large student and faculty population. Excellent educational facilities such as the University of Saskatchewan, home of the Canadian Light Source synchrotron, draw the best minds from around the world creating a youthful vitality and cultural richness evident in every neighbourhood. Saskatoon offers non-stop entertainment opportunities including world class events, festivals and attractions, a strong arts and music focus, and a short drive to the northern lake country.

The Authority - The SHA is the largest organization in Saskatchewan, employing over 44,000 employees and physicians responsible for the delivery of high quality and timely health care for the entire province. We are driven by the commitment to improve front line patient care for Saskatchewan people, and we are working together to better coordinate health services across the province to ensure that patients receive high quality, timely health care, wherever they live in Saskatchewan.

The University - The beautiful U of S campus is located on the shores of the South Saskatchewan River in Saskatoon, a city with a diverse and thriving economic base and a vibrant cultural life. The UofS is a research-intensive institution with 26,000 students and 6,500 faculty and staff, and a strong reputation for innovation and excellence. It is home to the newly constructed Academic Health Sciences Complex (<http://library.usask.ca/hsl/new-building.php>) and two of the largest science projects in the country – the Canadian Light Source synchrotron (www.lightsource.ca) and the Vaccine and Infectious Disease Organization/International Vaccine Centre (www.vido.org).

To Apply: We welcome applications from all qualified candidates. Preference will be given to Canadian citizens and permanent residents. Saskatchewan Health Authority is committed to a Representative Workforce and a respectful, inclusive workplace.
