

**Clinical Associate Physician, Palliative Care Unit
Department of Medicine, St. Michael's Hospital, Toronto**

St. Michael's Hospital is seeking a part time family physician or general internist with specialization in palliative care (0.5 FTE) for six months beginning January 1, 2022. This position will support the large hospitalist inpatient demands of this service. Participation in the educational programs in the Department of Medicine at St. Michael's Hospital and the University of Toronto is optional for this position.

Clinical activities will include attending on the inpatient service, participating in the weekend on call rotation schedule as well as consults for in-hospital patients on other services. There will also be opportunities to participate in undergraduate and postgraduate teaching in conjunction with the clinical work. Compensation will be based on associated fee for service billing.

The successful candidate will report to the Interim Medical Director of the Palliative Care Unit and the Head, Division of General Internal Medicine at St. Michael's Hospital. The successful candidate must hold an MD degree, be eligible for certification in the Royal College of Physicians and Surgeons of Canada in Internal Medicine **OR** for certification with the Canadian College of Family Physicians and have, or be eligible, for licensure in Ontario. Hospitalist experience and expertise in palliative care are assets for this position.

Applications will be accepted until November 26, 2021. Should you be interested in this opportunity, please forward a one-page statement of interest, curriculum vitae and the names and contact information of three referees to:

Dr. S. Straus, Physician-in-Chief
St. Michael's Hospital

St. Michael's Hospital is part of Unity Health Toronto, the network of Providence, St. Joseph's and St. Michael's Healthcare. St. Michael's is a teaching and research hospital founded by the Sisters of St. Joseph in 1892 to care for the sick and poor of Toronto's inner city. Affectionately known as the Urban Angel, St. Michael's is renowned for providing exceptional patient care. As downtown Toronto's adult trauma centre, the hospital is a hub for neurosurgery, complex cardiac and cardiovascular care, therapeutic endoscopy, minimally invasive surgery and care of the homeless and disadvantaged. St. Michael's is also one of the province's major sites of care for critically ill patients. Fully affiliated with the University of Toronto, St. Michael's provides outstanding medical education to health-care professionals in more than 23 academic disciplines. Home to the Li Ka Shing Knowledge Institute, made up of the Keenan Research Centre and the Li Ka Shing International Healthcare Education Centre, the hospital integrates researchers, educators and clinicians to advance patient care.
