

Interior Health
Every person matters

Our family moved here in 2009. We've found the South Okanagan a truly special region and a great place to raise a family. Anyone who loves the outdoors and a glass of wine will fit right in. This is one of the rare hospitals left where all the physicians know each other, which makes a big difference coming to work every day.

RESPIROLOGIST OPPORTUNITIES

PENTICTON

Fantastic Opportunity for a FRCP Respirologist/General Internist to join a dynamic and collegial team at Penticton Regional Hospital. In this position you will join 3 other Respirologists who do Community Respirology for a catchment area of over 90 000.

1 in 3 weeks you will provide inpatient/hospital coverage seeing all hospital based Respirology consults and urgent outpatient Respirology consults; performing procedures for the practice and read the PFTs performed in our level 4 laboratory. During the hospital based weeks, you will participate in the GIM Call schedule and must be comfortable with all aspects of GIM including providing care to ICU patients. On the alternate 2 weeks, you will work in the community doing outpatient general respirology and follow up of any GIM patients seen in hospital. We seek a dynamic innovative candidate who is comfortable handling both Respirology and ICU/General Medicine patients and wants to be a part of a great team moving into a brand new hospital.

You will have the opportunity to be actively involved with the University of British Columbia's Southern Medical Program, teaching and mentoring Internal Medicine and Family Medicine Residents. We

are excited to add passionate and hardworking new graduates to our team at PRH. For details regarding office overhead estimates, please inquire.
