

Division Head, General Internal Medicine

Position Summary

The Department of Medicine of the Faculty of Medicine (Faculty), University of Ottawa (uOttawa) and The Ottawa Hospital (TOH/Hospital) is looking for a visionary leader with excellence in academic and clinical leadership to be its next Head of the Division of General Internal Medicine.

Responsibilities

The Division Head is accountable to the Chair/Head of the Department of Medicine in fulfilling the mission, vision and goals of the Department, the Hospital and the Faculty, in particular as they relate to the Division. The Division Head holds a joint appointment as the university head for academics and hospital head for clinical services.

The Division Head is part of the leadership team of the Department of Medicine. As such, the Division Head will work with department, hospital, and faculty leadership. This role will require on average two days per week for administrative activities with the remainder of time dedicated to clinical, academic and/or research activities. The Division Head will collaborate with the Department Chair/Head to set annual goals and objectives.

Qualifications

The successful candidate will have demonstrated academic and clinical leadership as well as strong organizational skills. The vision for the Division of General Internal Medicine includes a strong commitment to build on the current academic successes including post-graduate education.

The successful candidate must hold an MD degree; be a member of, or be eligible to be a member of, the Canadian Medical Protective Association; have, or be eligible for certification in General Internal Medicine by the Royal College of Physicians and Surgeons of Canada, and have, or be eligible for, licensure in Ontario. The successful candidate will be eligible to hold an academic appointment at the rank of an Assistant Professor or higher at the University of Ottawa. Academic rank will be commensurate with the candidate's qualifications and experience.

The University of Ottawa and The Ottawa Hospital are bilingual institutions and therefore in the case of potentially successful candidates of equal ability, a bilingual (French/English) candidate would be preferred.

Additional Information

The Division of General Internal Medicine comprises of 30 full-time and 25 part-time General Internal Medicine specialists with a range of expertise. The General Internal Medicine inpatient team staffs 6 traditional Clinical Teaching Units, 3 non-traditional teaching teams, and 4 consultation services. We have a dedicated Obstetrical Medicine service as well as a Point of Care Ultrasound Service. The division supports academic work with a part-time research assistant, work-in-progress research rounds, and administrative support. We offer robust ambulatory care opportunities in various clinics aligned with interests of a diverse academic GIM service such as perioperative medicine, general medicine, liver disease, vascular

reduction, and obstetrical medicine. We are situated within the Department of Medicine which provides support for members with mentorship, research support, quality improvement methodology support, academic promotion support and a benefit plan.

The Ottawa Hospital is a 1150 bed tertiary-care hospital serving Eastern Ontario and Western Quebec at four inpatient sites (Civic, General, Heart Institute, and the Rehabilitation Centre) and one ambulatory centre (Riverside). There are approximately 50,000 inpatient admissions, 160,000 emergency visits and over one million outpatient visits annually.

Ground-breaking medical research is conducted through The Ottawa Hospital Research Institute (OHRI) and the University of Ottawa Heart Institute. We rank 5th in Canada for competitive, peer-reviewed grants from the Canadian Institutes of Health Research. Over 2,300 researchers are publishing more than 2,200 studies yearly, with hundreds being high-impact publications (top 10% or citations).

The Department of Medicine is a research-intensive Department. Members currently hold 25 University Research Chairs. The Department receives approximately \$60 million per year in external research funding and members publish approximately 1200 peer-reviewed publications annually.

The Faculty of Medicine is a nationally recognized leader, ranked among Canada's top-tier medical faculties. As the most research-intensive Faculty at the University of Ottawa, the Faculty of Medicine contributes significantly to the University being ranked 5th in the country for total research revenues (Research InfoSource), routinely 2nd or 3rd in Canada for research intensity in Medicine/Science grants (McLean's), 4th in Canada for citations (2022 THE rankings) and 1st for overall growth in Tri-council funding over the past two decades. The University of Ottawa is the largest bilingual (English/French) university in the world and the Faculty of Medicine first and largest bilingual medical school in Canada. The Faculty of Medicine has a long history of conducting the highest quality basic and clinical research, in close partnership with five affiliated academic hospitals and six research institutes. The Web of Science recently published a list of the most highly cited researchers in the world, where seven out of eight researchers identified from the uOttawa are from the Faculty of Medicine. Together, these remarkable achievements are a strong testament to the competitiveness and excellence of our Faculty that extend to all our educational programs.

The City of Ottawa provides a thriving multicultural and bilingual environment. Ottawa boasts numerous cultural activities as well as readily accessible sporting and natural resources, making it an ideal family and healthy living environment.

The Department of Medicine is committed to upholding the values of equity, diversity, inclusion, and accessibility in our living, learning, and work environments. We encourage qualified applicants from all groups with historical and/or current barriers to equity to apply. Upon request, accommodations due to a disability are available throughout the recruitment process.

Please note Canadian citizens and permanent residents will be given priority. We sincerely thank all applicants for their interest; however, only those selected for an interview will be contacted.

Terms of Employment

The income for this position is derived from a variety of sources including but not limited to clinical billings (fee-for-service), salary support (AFP) as well as a stipend. Health and welfare benefits including extended health, dental and disability insurance as well as life insurance are offered to full-time physicians.

Applications

Please forward a 1-2 page letter of intent, 3 references (who will not be contacted without permission) and a CV to Dr Greg Knoll, Chair/Head, Department of Medicine The Ottawa Hospital and University of Ottawa at domcareers@toh.ca.
