

Position Title:	Full Time General Internist to join our C-era Division (Cardiometabolic Evaluation and Risk Assessment)
Specialty:	Internal Medicine
Clinic:	High-Volume Community-based Practice Calgary, Alberta
Employment Start Date:	Immediately
Employment Type:	Permanent
Deadline:	August 30, 2019

Job Description/Duties: When you take on your new position as an Internist at Calgary C-health Clinic , with Divisions of C-era, C-endo, C-02 and Central Triage with competitive reimbursement rates, minimum call responsibilities and no evenings and weekends – you'll have the time to enjoy a balanced lifestyle.

C-health in Calgary requires a full time General Internal Medicine Specialists to join our multi-disciplinary team, comprised of 9 General Internal Medicine specialists, 8 Endocrinologists, and 1 Emergency Medicine physician.

C-era's mandate is rapid assessment and identification of atherosclerosis and aggressive management of risk factors for heart disease and stroke.

C-era Clinic is an innovative, fully computerised, patient-centred group practice. We specialise in cardiovascular risk stratification and management, with strong focus on patient education and outpatient diagnostics.

C-era receives referrals from all Emergency Departments and over 800 GPs. We see approximately 1000 new patients each month. Our services include: consultations, exercise stress testing (ETT), 24-hour Holter and blood pressure monitoring and Nuclear Stress testing.

We offer an exceptional lifestyle, excellent remuneration and the opportunity for clinical stimulation, continued growth and engagement as part of a multi-disciplinary team.

Eligible candidates must hold Royal College of Physicians and Surgeons of Canada certification in Internal Medicine and be eligible for full license with the College of Physicians and Surgeons of Alberta.

To join our team please email at us: Directors Office: Nishi@c-health.ca or 403-444-3575
