## CSIM Virtual Educational Sessions Schedule-at-a-Glance

E-posted hall coming soon!

### **Unbundling Scientific Controversy: Musings on Science, Evidence, Advocacy... and Truth**

**CSIM/Royal College Osler Lecture – Dr. William Ghali**

Wednesday, October 7, 5:00pm ET and Thursday, October 8, 12:00pm ET

[Register](#)

### **Women’s Heart Health: Marrying Research with Clinical Work without Missing a Beat**

**New Investigator Award Lecture – Dr. Natalie Dayan**

Wednesday, October 14, 12:00pm ET and 5:00pm ET

[Register](#)

### **Top Five Papers – Dr. Gabriel Huard**

Thursday, October 15, 12:00pm ET and 5:00pm ET

[Register](#)

### **The Times they are a-Changin’ - What the World Needs Now is GIM, Sweet GIM**

**Dr. David Sackett Senior Investigator Award Lecture – Dr. Chaim Bell**

Tuesday, October 20, 12:00pm ET and 5:00pm ET

[Register](#)

### **CSIM Annual Business Meeting of Members**

Thursday, October 22, 6:00pm ET

*Open only to CSIM Members and Associates in good standing.*

[Register](#)

### **Ted Giles Clinical Vignettes**

Part 1: Thursday, November 5, 12:00pm ET

Part 2: Friday, November 6, 12:00pm ET

**VISIT THE VIRTUAL EXHIBIT HALL!**

**CSIM/Royal College Osler Lecture – Dr. William Ghali**  
***Unbundling Scientific Controversy:  
Musings on Science, Evidence, Advocacy... and Truth***

Wednesday, October 7, 2020 - 5:00pm Eastern Time (first presentation)

Thursday, October 8, 2020 - 12:00pm Eastern Time (second presentation)

Through an epistemological lens, Dr. Ghali will present and discuss current scientific controversies relating to 1) community water fluoridation; 2) masks for COVID; and 3) antibiotic use in agriculture, among others.

**Learning Objectives**

- Better understand epistemology, the domain of philosophy dedicated to studying the nature, origin, and limits of human knowledge.
- Analyze current controversies in public health as case studies for considering distinctions between science, evidence, and advocacy, and how these relate to one another - and sometimes clash - in humankind's pursuit of truth.

**About the Speaker**

**Dr. William Ghali** is a world-class researcher and Professor in the Departments of Medicine and Community Health Sciences at the University of Calgary. Dr. Ghali is also a physician, specializing in General Internal Medicine and completed methodological training in health services research and epidemiology at the Boston University School of Public Health. Dr. Ghali has held millions of dollars of peer-reviewed research funding from a number of agencies through his research program, focused on evaluating and improving health system performance for better patient outcomes and improved system efficiency. He has held a Tier II Canada Research Chair in Health Services Research for two five-year periods and has published more than 420 papers in peer-reviewed journals.

He is a Fellow of both the Canadian Academy of Health Sciences and the Royal Society of Canada. He was featured by the Globe and Mail in April 2012 as the Canadian public health researcher with the highest publication H-index, and has also been named in the Thomson-Reuters listing of the top 1% of most highly cited researchers by discipline. He is co-director of the University of Calgary WHO Collaborating Centre in Disease Classifications and Health Information.

**MOC Accreditation Statement:** *The CSIM/Royal College Osler Lecture is an educational activity approved as an Accredited Group Learning Activity under Section 1 of the Framework of Continuing Professional Development options as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada. As an accredited provider, CSIM has approved this program for 1 credit hour.*

**New Investigator Award Lecture – Dr. Natalie Dayan**  
***Women’s Heart Health:  
Marrying Research with Clinical Work without Missing a Beat***

Wednesday, October 14, 2020 - 12:00pm ET (first presentation)  
Wednesday, October 14, 2020 - 5:00pm ET (second presentation)

The New Investigator Award is offered by the Canadian Society of Internal Medicine in recognition of excellence in the field of general internal medicine research by a new investigator.

**Learning Objectives**

- Gain an appreciation for different formulas for success as a GIM researcher.
- Learn how to “choose wisely” in your career.
- Understand how pregnancy can shape a woman’s long-term health (and career).

**About the Speaker**

**Dr. Natalie Dayan** is an Assistant Professor of Medicine at McGill University and a GIM specialist at the McGill University Health Centre (MUHC) where she directs the Obstetric Medicine clinical service. She is a clinician scientist at the Clinical Outcomes Research and Evaluation, RI - MUHC, and holds the Fondation du Québec Recherche en Santé Chercheur Boursier Clinicien award.

Dr. Dayan received her medical degree from McGill University, where she also completed Core Internal Medicine and GIM training, and a Masters of Science in Epidemiology. She completed a clinical fellowship in Obstetric Medicine at CHU-Ste. Justine, and a research fellowship at the University of Toronto.

Dr. Dayan holds an Early Career Professorship for Women’s Heart and Brain Health from McGill University and the Heart and Stroke Foundation of Canada and funding from CIHR to study impact of infertility treatment on health outcomes, and also the link between breastfeeding and postpartum blood pressure.

**MOC Accreditation Statement:** *The CSIM New Investigator Award Lecture is an educational activity approved as an Accredited Group Learning Activity under Section 1 of the Framework of Continuing Professional Development options as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada. As an accredited provider, CSIM has approved this program for 1 credit hour.*

## CSIM Top Five Papers Dr. Gabriel Huard

Thursday, October 15, 2020 - 12:00pm ET (first presentation)

Thursday, October 15, 2020 - 5:00pm ET (second presentation)

### Learning Objectives

- Identify and summarize the findings of five papers published in 2020 that are highly relevant to internists and general internists in Canada.
- Review the strengths and limitations of the papers using the principles of evidence-based medicine.
- Recognize the implications of these papers for one's own clinical practice.

VIRTUAL MENTORING SESSIONS**

**Dr. David Sackett Senior Investigator Award Lecture – Dr. Chaim Bell**

***The Times they are a-Changin’***

***What the World Needs Now is GIM, Sweet GIM***

Tuesday, October 20, 2020 - 12:00pm ET (first presentation)

Tuesday, October 20, 2020 - 5:00pm ET (second presentation)

The purpose of the CSIM Dr. David Sackett Senior Investigator Award is to recognize excellence in research by a senior Canadian general internist and to increase awareness of high-quality research by general internists in Canada and to foster such research.

**Learning Objectives**

- Review areas where GIM clinicians and researchers have contributed to and led in healthcare.
- Identify areas in healthcare they can contribute to and lead and apply that knowledge.
- Describe how senior GIM clinicians and researchers can mentor junior colleagues to lead in healthcare.

## Ted Giles Clinical Vignettes

Join us for the two-part Ted Giles Clinical Vignettes as trainees present unusual clinical cases.

Part 1: Thursday, November 5, 2020 - 12:00pm ET

Part 2: Friday, November 6, 2020 - 12:00pm ET

### Learning Objectives

- Describe unusual presentations of common diseases and common presentations of rare diseases.
- Become familiar with the characteristics of engaging and educational case presentations.

### Part 1 Presentations:

1. **Acute pancreatitis in a young woman with chronic salivary gland swelling** - Dr. Waleed Ahmed, University of Toronto
2. **Recurrent facial pain and associated syncope** - Dr. Joanne Joseph, University of Ottawa
3. **Blinding lights: acute persistent vision loss in pregnancy** - Dr. Marie Leung, McMaster University
4. **An Unusually Hot and Bothered Patient** - Dr. Zahra Merali, University of Western Ontario
5. **A curious case of hypercalcemia** - Dr. Shahmir Sohail, University of Toronto

### Part 2 Presentations:

1. **When it Bleeds, it Cascades** - Dr. Yassmin Behzadian, University of Western Ontario
2. **More than meets the eye** - Dr. Samik Doshi, University of Toronto
3. **V for vasculitis: a masked fighter attempts to ignite a revolution** - Dr. Kiefer Lypka, University of Ottawa
4. **Finding a unicorn while chasing zebras** - Dr. Michael Sattin, Western University
5. **Unexplained Eosinophilia: A Potentially Deadly Finding** - Dr. Grace Zhang, Queen's University

**MOC Accreditation Statement:** *The CSIM Ted Giles Clinical Vignettes (parts 1 and 2) is an educational activity approved as an Accredited Group Learning Activity under Section 1 of the Framework of Continuing Professional Development options as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada. As an accredited provider, CSIM has approved this program for 2 credit hours.*

## OUR SINCERE THANKS TO THE 2020 CSIM ANNUAL MEETING COMMITTEE

Dr. Anthony Calabrino, Co-Chair  
Dr. François Caron, Co-Chair  
Dr. Michele Dearden  
Dr. Stephen Duke  
Dr. Amy Hendricks

Dr. Euseok Kim  
Dr. Nadine Lahoud  
Dr. Alexandra Lévesque-Laplante  
Dr. Emily Gibson McDonald

Dr. Kathy Myers  
Dr. John Neary  
Dr. Steve Shadowitz  
Dr. Chantal Vallée

### **CSIM Mission Statement**

The CSIM is a non-profit professional society that promotes the health and well-being of Canadian patients, their communities, and their health care systems. We seek to foster leadership and excellence in the practice of General Internal Medicine (GIM) through research, education, and advocacy for health promotion and disease management.

### **Vision**

We believe that General Internal Medicine in Canada plays a central role in the training of current and future clinicians, in clinical research, in patient care, in health promotion, and in health advocacy; and that it unites a body of knowledge, values, and principles of care that lay the foundation for excellence in the Canadian health care system.

### **Values**

We embrace the ethical and professional standards that are common to all healing professions, as well as the specific values of generalism, teamwork, competency-based training, life-long learning, evidence-based medicine, holism, and humane, patient-centered care.

### **CSIM CPD Subcommittee Vision**

Our ultimate goal is to go beyond the simple transmission of information. Our goal is to make a lasting impact on the knowledge, skills and attitudes of clinicians and future clinicians; to narrow the theory to practice gap; to improve the health of all Canadians.
